

# Certificate

## Indoor Air Comfort Gold

Pladur® plasterboards

*Certified Product*

Pladur Gypsum S.A.U.

*Applicant*

The above product complies with the Indoor Air Comfort Gold specifications, version 8.0 (2022). These include both inspection of factory production and VOC emissions testing according to EN 16516, at regular intervals. Indoor Air Comfort Gold combines all key European and selected global requirements on VOC product emissions. Additional requirements not related to VOC product emissions, for example content of certain substances or odour are not combined or evaluated. The following VOC emission requirements are combined and the certified product shows compliance with these VOC emission related limit values:

- |                          |                            |                               |                              |
|--------------------------|----------------------------|-------------------------------|------------------------------|
| - France VOC class A+    | - LEED (ACP)               | - EMICODE EC1 Plus            | - Eco Product Norway         |
| - Germany (AgBB/ABG)     | - BREEAM New Construction  | - Nordic Swan                 | - Cradle to Cradle           |
| - Italian CAM Edilizia   | - WELL Building            | - M1                          | - very low emitting products |
| - EU Taxonomy Regulation | - SKA Rating               | - Danish Indoor Climate Label | - according to EN 16798-1    |
|                          | - French HQE certification | - (Emission Class 1)          | - Singapore Green Label      |
|                          |                            | - BVB (Sweden)                | - Global GreenTag            |
|                          |                            | - Miljöbyggnad (Sweden)       | - Declare 2.0                |

Issue date: 16 March 2023

Product type: Plasterboards

Validity date: 03 November 2027

Certificate number: IACG-456-01-06-2022B

This certificate is valid as specified if regular surveillance and testing is done.
